“ A few good memories in no particular order....Don was my great-uncle, brother to my grandfather Earle. The majority of the time I spent with Uncle Don was at family gatherings—parties, picnics, weddings. In all of my memories he is smiling and soft-spoken. If there was a time that I saw him and he wasn't telling jokes I don't remember it. Don and Bonnie came to both of my graduation parties—college and grad school—and I remember having a great time on both occasions. I'm glad they were able to be part of those celebrations. One thing that Uncle Don and I shared is a deep appreciation for music—especially folk music. For years every time I saw him we would talk about music, what we were listening to and how much we loved the classics. This always ended up with Uncle Don singing at least one verse of a John Prine song, sometimes more. A very distinct memory that I have from my childhood is that one day my grandfather took me with him to meet up with Don and we spent the afternoon flying model airplanes in the park. We would gas them up, start the engines, and try to let them go just right to get as long a flight as possible. Its a good memory even though I've forgotten precisely when an where it was. If only I could remember what car my grandfather was driving we could probably pin down the year.

“ To Aunt Bonnie and her family and my wonderful cousins Audrey, Pam and Lori: I am so very sorry for your loss. It has been a blessing all of our lives that my Dad and Uncle Don were close. Because of that our families were close and had lovely times together. My most outstanding memory of Uncle Don is his voice. Uncle Don always had a soft and soothing voice when he spoke and a way of speaking that drew you into conversation. I will always remember his soft spoken almost melodious voice.
Love, Cousin Linda.

“ My brother Don meant so much to me. We were very close brothers (including our youngest brother Artie). We lived in Phila for awhile on Butler Ave. and I remember riding my two wheeler bike to school with Don following me on his three wheeler (he was only 5 years old) I would circle back because he couldn't keep up. We had so many good times growing up on the farm in South Vineland when our home in Phila. was sold we lived with our grandparents for awhile. We picked string beans and Lima beans. We would catch the chickens with a wired hoop for Grand-pop to sell. Even when we moved to Runemedede, NJ we would spend the summers on the farm. Lots of good memories. When Don was about 12 we started flying model airplanes. We would draw our own plans and then build them and fly them. He continued flying planes and competing for many years. We had lots of skiing adventures as we got older. I especially remember Elk Mountain in the Poconos. We had so many fun times as we grew up and had our girls. Lots of picnics, pool parties, holidays, birthday parties, weddings, and christenings. We fixed cars for many years having fun at junk yards too. As we got older we made sure we got together for the brothers' birthdays by meeting at restaurants for dinner. For many years it was Artie & Pat, Don & Bonnie, Barbara & I getting together for meals and fun. I'm so glad we continued to get together as long as our health allowed.

Love,
Brother Earle
