“ On Sunday I was cooking a huge pot of greens and my past crept into my mind. With the recent passing of my mother, I thought about Lola. I hadn't heard anything about her, so I Googled her and to my dismay found out she had passed away also. Of course, I don't do FB and work a lot so I would not have known unless someone had told me. I have very fond memories of her and all the vegetables/meals she used to cook. Boy-she was a great cook. Through the years I've often thought about her and the family with all good memories that I cherish and will always be thankful for.

“ Lola and I worked together for several years. I was friends outside of work also. Lola was the type of person who if she had something to say to you she did so. She had the kindness and open heart of anyone I know. I know she was very tough and head strong, and that is what made her LOLA. I will miss her dearly. I thought of her all the time. I am sorry I just didn't have the time to visit her while she was here with us. I loved this lady like she was my family. I hope people can read this and think , take the few minutes to share your time with someone who means something to you today as tomorrow may be too late. Lola knew how I felt about her but it still hurts. Lola was a great friend who I will miss. Love you Lola. Rest in peace my friend. Sorry for your loss of a fantastic person, to the family.

Love and Hugs
