“ *Uncle Al will always have a special place in our hearts. He will live on in our thoughts and hearts because of the wonderful memories he left with us. I will miss him and the times we spent together watching the Phillies and old movies. George will always remember him for being there for him back in November of 1975. George will also miss him for his back seat driving directions and their passion they both have for the lottery!! We both will miss going out to dinner with him. We both feel that our lives were enriched for the better for him being in our lives.##imported-begin##George & Susan Pizzio##imported-end##*
