“ I am so very sorry for your loss of Amber. I didn't know her very well, certainly not as well as most, but she was always kind and supportive to me. I missed an opportunity to know her better, and I will always regret that. I know nothing but time will ease the pain of her loss, but I wanted you to know that although I am too far away to be at the memorial, I really wish I could, to show my support, and to tell you all in person that I will be there in spirit. Amber was amazingly welcoming and warm. She was so effortlessly funny and down to earth... I will really miss her.##imported-begin##Diane##imported-end##

“ I am praying for your family as I know all to well what it is like to loose a child. You were a wonderful person and I was lucky to have known you. When I think of you I remember your smile and the happiness that filled your heart when we were in school together. Please give my angel a kiss for me. My heart aches for those of us left behind, but rejoyces, for you now have eternal life where no pain or sorrow can penetrate the joy that now forever lives on in your soul. God bless you all and may God wrap his arms around your family as they walk this long dark road ahead. Do not dispare, for there is always light and we never walk alone.##imported-begin##Nicole Garman##imported-end##

“ Although we really didn't know each other, I know you were an amazing young lady. My parents enjoyed the visits from you years ago & they both always spoke highly of you. The few times that we met, I remember thinking how beautiful and smart you were. May you rest in peace. Until we meet again. Your cousin,
