“ *The Southampton Township School District is deeply saddened to learn of Barry's passing. He was a stalwart as one of the head custodians in our school district and very much beloved by all our staff who knew. Although Barry retired many years ago, we still tell stories of how he would fix anything and I mean anything (chairs, desks, you name it) with duct tape. It was an art form for Barry. Even greater, was his love of people (students and staff alike), and his easy going personality. Finally, he was a master story teller and had an absolutely delightful sense of humor. Barry could have been a stand-up comedian if he so desired with a dry sense of humor and perfect delivery of any story. Barry you will be missed by all who had the pleasure and privilege to know you.*

“ *Through all the years of knowing him and talking to him I've never heard the same story or joke twice. I couldn't imagine a better person to have as a neighbor and as a friend. I'll always remember him sitting in his chair outside while all his chickens wondered around. I'll miss him greatly, thanks for all the great memories Barry!*

“ *Uncle Barry gave me a graduation card that stated " It's a rat race, grab the big cheese". It's a great honor to not be working far from where my Uncle Barry and my father worked at Monsanto. In my early 20's my friend and I Derek went to the track. Racing (horse) is the sport of kings. It is the king of sports. Our family has lost a great King.* ”
