“ *Such beautiful people your parents were. I remember not seeing them and then all of a sudden run into them at Don's barber shop or in a parking lot to a restaurant and we would continue the discussion we finished when last we talked. They will not be forgotten as long as the good times are remembered . Linda, tons of prayers and love to you and your family.*

family. Linda I will always remember how your mom thought I was  
the manipulator when it came to our shenanigans as teenagers. But

“ Dear Cooper Family:

*I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.*
