“ *I just read the obit of Blanche Gilbert Wilson this date 8/30/13. I had known her since I was a child of 8 and had remained friends throughout the years until we lost contact 10 or so years ago. I'd love to hear from her children if this could be passed on to them giving them my email address. They would remember me from living across the street from them when growing up, they are younger of course. I'd appreciate any help you could give in connecting with them. Thank you.
