“ *Mr and Mrs. Lynch I could not begin to imagine what you are going through. Brad was such a huge part of my adolescence and he had a huge impact on my life. I remember him driving me to school every day my junior year.... I had spent the majority of my high school years with your son (literally I think we spent close to every day together) Those times will forever remain a place in my heart. Brad was the most loyal of friends, a great mentor, and a great companion. The times that we shared and the talks that we had are irreplaceable and helped mold me into the person I am today.. He was such a great person and friend...I will cherish him and our memories and the relationship that we had... I do now and forever cherish and hold close to my heart every moment that I had the opportunity to spend with your son Brad. May he Rest In Peace!!!*

“ I have many good memories of Brad teaching at the Vision Quest school. I remember one morning one of the kids was having a particularly bad day. Brad took the kid out of the class and walked with him for about a half hour to calm him and encourage him. The kids were most important to him.
