My deepest condolences to Brenda's family. I had met her a couple times when she would go visit her sister Helen & brother in law Larry in NY. We all went on a picnic to Paradise Lake in the Adirondack of NY. That was many moons ago though. Prayers to her family & my dear friend Helen! Love ya Kim Gandy

“ *Brenda came into our family when my children, Julia and Albie, were about 10 and 8 years old. I liked her from the first time we met! We always got along very well. She was a special person, and I'm grateful to have known her. She was a good Stepmom to our children and they loved her too.*

I haven't seen her in several years, but I have kept her in my heart and prayed for her as she has traversed many hills and valleys with the trials and triumphs of her health. My daughter, Julia, informed me that Brenda passed away on Thursday night.

My sincere condolences go out to AL (my former husband) and all who loved her and have known her. Let her beautiful smile and contagious laughter remain with us always.

“ Well where do I begin....Ive known Brenda for a long long time who would've thought we would be living next door to each other... cheers to us (smile) for the 7 years we worked on our home we became real neighbors, conversed ever time we saw each other thru our mutual fence mostly about progress and our dogs! Millie and Stanley had a true love for each other ❤️ well we finally moved in this January and we finally became true neighbors. Brenda was always happy, upbeat never had a negative thing to say. she was incredibly positive and passionate about her Stanley! Then we had our owl adventure with the babies across the street she loved those owls ☐ Then there was Marcus, that dog just brought her happy to an extreme she was so joyful to have another rescue but Marcus had a fancy for our Sammy instead of Millie which we laughed about, haha. I was so very sad when Albie broke the news to me on Sunday of her passing. We were wondering where they had been. My heart our hearts are broken with the loss of one of the sweetest women we have gotten to know. God speed my good friend you will be missed from the moon and back Linda Gregorowicz
