“ I cherish the memories of a man who worked hard for his family and led by example. He was a man of few words, but I never doubted his love for me. I will miss you Charlie. 💜

“ I cherish the memories of a dad who worked hard for his family, who cared enough to lead by example. He was a man of few words but I never doubted his love for me. I will miss you. 💜

“ Charlie was the best father I could ever ask for  
The best part of this is that he chose to be a father to me  
Charlie was invaluable helping with my daughter Paige as she grew up.  
He was a wonderful influence and played a large part in making her the person she is today  
I look forward to welcoming you back in the resurrection Jesus spoke of. At that time, we shall celebrate your life being returned.  
Until then, rest easy now. You will never know suffering again, only joy in the system to come.  
I love you so much.

“ Pop pop, the memories you gave me will last a lifetime. You taught me to be a great father and the importance of a family. I'll never forget the weekends at the farmhouse. The Sunday dinners With the family . Following you around the barn just to be near you. Driving on the Sod farm with you. And allowing us to run through the irrigation. Sitting on your lap and ridding to dump the tractor. I'll never forget when I was big enough to take it across the creek myself. You taught me in life nothing is handed. It's all through hard work. I could go on with memories. As closure I just want you to know you will be missed. A day won't go from here on out that I won't think of you. I love you always and forever. RIP and I know I'll see you again. Tommy
