“ Aunt Cheryl means so much to me. The opportunities she gave me and the memories we made together are priceless. Anytime I wanted to talk, she listened with an open mind and heart. I can honestly say Aunt Cheryl was one of the most nonjudgemental people I've ever met; there will not be another person like her. She has shaped me as a person.

“ I worked for Cheryl for a few month cleaning her house. Myself and my 6 yr old became quite attached. I moved on to a different job amd she supported me and was so happy for me. With my daughter in school and activities we lost touch. I just texted her 2 days ago. When she didnt text back I had a bad feeling. And to my dismay found out she has left us. I wish I had found time to reach out to her sooner. To her family, I am so very sorry for your loss. She was an incredible woman and will be missed dearly 😞

“ *The world has lost a wonderful lady; her family was her greatest love and the reason she shared so many precious moments of them, in her writings and recollections. She lived a full life and created the countless memories that will sustain all of us through the sadness that we now feel.*

Rest in peace dear cousin.
