“ One good memory I would like to share about Chris is he always wanted to be working or doing something and one day I came home and he had fixed my leaf blower and that's easily one of the best things I remember about him he will be missed

“ Goodbye my friend. Thank you for teaching me that I'm not reassembling someone's vehicle, but to view it as a puzzle, and put that together instead. That piece of advice always made my bad days shorter. I'll see you up road.

“ I will always think fondly about Chris. He was the little brother I never had. I remember him riding his bike to my house and playing ping pong, drinking soda and eating chips from my parents store. He was always happy and laughing... I will truly miss him. He was always sweet to my babies... rest in Peace Christopher..
