“ *I recently learned of Dale's passing. My sincere condolences to the family. I knew Dale from working together at the Social Security Administration in Mount Holly. In addition to being a great mentor and technical expert in the Title 16 unit Dale was a wonderful person and a great friend. Dale always had a smile for everyone and he gladly helped his coworkers and clients with the utmost respect and kindness. After I transferred to Virginia, Dale and I remained close friends and he often talked about his family, his children Tina and Dennis and the love of his life, Robyn. Although my heart is saddened that his presence is no longer with us I know he is so happy to be with Robyn. Until we meet again my dear friend, my brother, I love you and miss you.*

“ Dale was my mentor at work 20 years ago, and a friend ever since. He will be greatly missed! I heard he was the first selected for promotion to the new Technical Expert (TE) position many years ago. It wouldn't surprise me if they created the TE position just for Dale! He was kind, patient, always willing to help, and a good friend. My deepest condolences.
