“ *I'm so sorry to hear about Dave's passing. Although I haven't seen him in many years, he was one of the first guys I met when I started flying the C-141 as a Flight Engineer 33 years ago. He was my Instructor, Supervisor, and we worked together in Training. More importantly he and his wife were good friends of ours as we all started our families around the same time. I thought for sure our paths would cross again at some point and am now saddened by this news. This must be so devastating for all of his family and we will keep you all in our prayers.*
