“ Our family was blessed to have such a special boy in our midst. David you taught us how to accept what God had in store for you and to look forward to seeing you happy and at peace.

“ I remember after David was born how I realized how precious he was . Defying all odds and months of recovery he finally was able to come home.
He taught my children about compassion, empathy and acceptance of special needs children.
One of my favorite memories of David was watching him enjoy being pushed around on his bean bag chair, up and down my hallway arms and legs all going at once.
He definitely was his Mama's boy , the way he responded to his Mom's voice and following her every movement .
Rest easy now David. The world and people became a better place because you were here with us. Aunt Patty

I am so blessed to see these blessed thoughts of my grandson David... Thank you Cathy and Pattie. although I haven't seen you, David in recent times in my heart you have always been. I remember coming up to Clark to see you once with your dad and three or four times with your mom and it was good seeing you, David. But I know now you were in a happy place. I know now you're running jumping and having a good old time with your brother. Your brother was who you were closest to in this life outside of your mom. I will miss the pictures. Your mom sent me. But you will always be in my heart. I'm not saying goodbye David. I'm just saying I'll see you again. Love your grandmom.
