“ I met Dave sometime in 1998. I admired how he lived his life - his approach to it. We were close for a couple years and as things can sometime go, we lost touch with one another. I thought to look him up in the Fall of 2017. We met tentative plans to hang out... those tentative plans didn't happen and he wouldn't make it to 2018. He made an impact on those he knew and he's greatly missed. Don't put off plans to see those you love (or have loved). This picture posted is of Dave and I - Summer 1998.

“ It popped up on my calendar April 29 - David's birthday. I remembered hearing of his passing eight years ago. So today I recalled how we met when I went on Afentra's show on the Buzz. We hit it off so well and so fast we both wondered why. Turns out we were both not only from New Jersey, but practically grew up next door - I grew up in Mt. Laurel, NJ. We even knew some of the same people. I had some great times with "Scoops" and think about you even now. I think your energy is still out there making people smile and laugh.

“ *Dave, you were my best friend in high school. You made me love high school when I hated everything about it. You were someone I adored and made me laugh every day. I was never surprised you became famous; you wanted and deserved it. I love you and miss you more than I ever knew I could. I'm sorry we lost touch. But you made an impact on me that I can never ignore. You were one of the loves of my life. My Prom King. My beautiful friend. Rest In Peace. I love you.*

“ *I'm so sad to hear about this now. I met david when I was 17 and he was such an invigorating spirit. I loved him so much. I remember running around nyc and eating dinner with Anthony Rapp. He taught me joy in a very lonely time in my life. Until we meet again.*

“ There are sooo many memories of childhood with David in Mount Laurel, NJ. Those were the days...life was good and happy. I'm finding myself giggle out of nowhere thinking about how funny life was at that time. David cracked me up, we had so much fun making commercials on my dads VCR tape recorder. I will search my dads attic for them the next time I visit. I feel its so important to find them now. I'm sorry we lost touch in Life David. I immediately feel like, "I could have done SOMETHING" I will hold the precious memories of childhood with David forever in my heart. Always and forever, until we meet again David XOXO

“ David was such a delight to hear in the mornings. I remember laughing hysterically to him and Afentra. I am honored to have met him a handful of times, each one surrounded in laughter. My thoughts are with the family at such a sad time.
