“ *Deb,*

I miss you so much! I dont have anyone to take care if me now! Nobody will ever take your place! You never failed to be there for me & i wish i was there for you on that horrible day! Even though we had a nine yr age difference it didnt stop us i took you to your 1st concert & many more, your 1st tattoo, 1st hair done in a salon, i would take you with me anywhere i could! We were as close as sisters even closer! I wish you were still here! I do have some great memories but its just not the same! Rest Easy Deb..

“ I am so saddened to hear of Debbie's recent passing. She was a true friend and just a great person to get to know. Though we haven't been in touch these last few years, my heart hurts knowing how much life she brought to those around her and how much they will miss her. She talked about her daughters constantly and loved them so deeply. I hope Carley and Riley know how truly loved they are. I hope Debbie is at peace and no longer knows suffering.

“ Dear Richardson family:

I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.
