“ *I first met Diane when I started working for Nutri-Serve. She was one of the first that I met and it was an "instant like". I always said that working with so many people, that I had a top ten list. Diane was in the top two. We hit it off and shared many "mom of boys" stories, our love of animals and just work stuff. I never heard Diane say anything negative about anyone. We often joked about being the gray haired girls and that it was staying that way, it was what it was. I haven't worked for Nutri-Serve for some time now, but when I learned of Diane's illness, I put her in prayer as well as her boys. Like everything Diane did, she did it all the way and gave it her best shot even with her battle with this awful disease called cancer. My sincerest sympathy and condolences go out to her wonderful sons, James and Tommy and her entire family. I feel a loss in my heart. I am blessed to have known Diane and to have shared a piece of my life with her.*

May she be smiling with the angels, with those beautiful blue eyes and find peace.

*With love,
Patti Rahilly-Jones*
