

Donald F. Schnoor

November 13, 1933 - June 19, 2018

Donald F. Schnoor passed away on June 19, 2018. He was with his six children, and several of his grandchildren when he passed at 5:15 pm at Virtua Hospital in Mount Holly, NJ, the same hospital where many of his grandchildren were born.

He was affectionately known as Pop or Poppy to his children, grandchildren, and others that loved him, was a larger than life character that loved life, his family, and every person he met.

He was born in 1933 in downtown San Francisco where he grew up with his Mother, Step Father, and four step siblings. He met his wife, Loretta, in Chinatown when he was 25 years old and the rest is history. The couple got married there and had three children Ed, Jannine, and Lissa, before moving from San Francisco back to PA where Loretta's family lived in 1962. They traveled across the country in a Ford Falcon with a mattress on the backseat pulling a trailer! There are lots of stories about that story just like there is about everything from his life. He wasn't a boring Dad! There was always something brewing in his mind right until the end. His fourth and fifth child, Donald and Colleen, were born when the family lived in Morrisville, Pa. In 1968 he moved his family to their farm in Jobstown, NJ where his sixth child, Holly, was born in 1972. He still lived there, where most of his family memories were made, until he passed.

He was a forever salesman. It didn't matter if it was the deal of his life or a minute detail, he was selling it! If you met him, you knew this from the time he

opened his mouth, which he did a lot. He loved telling stories, sailing, spending time camping in his RV, and enjoying time with his children and grandchildren.

He is survived by his six children, twelve grandchildren, four great grandchildren, and a sister and brother.

Rest In Peace and give Mom a hug and a kiss in heaven from all of us.
