“ Well my close friend. Met you in German class in high school. Always sat next to me during test time. We had many fun experiences together. Putting a new engine in your VW bus, hiking part of the Appalachian Trail for a week, getting arrested on the beach (with our girlfriends) in Beach Haven, countless camping trips in NJ and PA, panhandling in Wildwood (drove down there, ran out of gas and had no money to buy gas). We always watched out for each other. You are my best friend. Miss you. Heinz
