“ I want to thank everyone who has taken their time to pay their respects to my father and his memory, as well as those who have donated flowers and to his grandchildren's fund.

I miss my father immensely, but am grateful that I had the time with him that he did. He loved nothing more in this world than his partner, Tina, his children and grandchildren. His memory will live on through his family.

RIP Dad.

“ *George and I were car buddies as well as coworkers. He had a 57 Chevy, and I had an old Jeep. We traded tools and stories often. His passion for his 57 Chevy and his dedication to putting it on the road amazed me. He was constantly working it all hours of the day and night, and making much more progress than I. We talked frequently about his kids, and how proud he was of them. As we all know, he was rough around the edges, and cussed like the Sailor he was but that just made him who he was. Thank you George for being a part of my life. I'll forever cherish it.*

“ I graduated with George in 1984 from RV but we were also neighbors since the 2nd grade in the Vistas. I remember hanging out at the park and all of us going to the park summer program. George always knows when I got in trouble with my mom as our windows were always open and my mom didn't care if the neighbors heard her screaming lol! I am so thankful to have seen George at our last reunion in November! The pictures taken that night will be with me forever! Until we meet again, I will miss you dearly! Condolences to Diane and Tone and the rest of the family. Deb Jeffreys-Eckenhoff

“ Our hearts are with you, remember you have many friends praying for comfort for the entire family. God certainly needed a special angel and George was the one he chose. It is so hard to understand why but one day we will all have the answer when we gather together in heaven and you are once again able to hold him in your arms. Love to you all dear friends with special prayers for peace and calming.

“ George, you will be missed by many my friend. Thanks for all the talks. I know you will be missing how Tina cooked up your deer meat for you, you told me she was very good at it. All I can think is God must have a 57 Chevy he needs help with. I loved watching your car come to life bit by bit. Seeing your photos of how proud you were with those grand babies was so beautiful. Thanks for Stopping out to see us at Johnson's. Rest Easy my friend. See you on the other side one day.
