“ *Aunt Henrietta and Uncle Rodman were almost like one person. As a young girl I remember them dating. She was always smiling and just fun to be around. She loved the Lord Jesus as her personal Savior, she loved her family and as her illness progressed she counted on them (almost demanded of them) to be there for her And because of her care of them as a mother, and what she instilled in them, they returned that to her and were dedicated caregivers. Although the loss is great, we can rejoice that she is now with her Savior in heaven and reunited with loved ones who have gone before. May God bless Diane, Roddy, Bev and their families through this grieving season. Niece, Mary Ann Lucas Eckman*
