“ *Tio,*

*You always lit up the room wherever you walked in ❤️ I will always remember the happiness you felt doing the things you loved. I can still hear your voice reflecting on conversations past, talking about family, experiences, plans and life in general. I could always feel the excitement radiate through you because you always had a passion for life and family. Thank you for being there for me and for the wonderful memories. I will never forget the comfort of your words... "Everything is going to be ok. That's what family is for". Always and Forever a wonderful Uncle. I will never forget your smile and the light of your soul. You will be missed immensely. Dance away with the Angels and God Bless your soul for all eternity.
Love Always,
Beatriz and Luca*

“ I remember when I was 8 or 9 and Chi Chi arrived from PR to the Gardens. Seems like yesterday. He looked so country ❤️. He always was the nicest man around. I loved watching him dance. He wowed me everytime especially when he danced with his sisters. The love he showed for his daughter no words can express that enough. God has gained an angel for sure. May his family know that he was loved and respected by his friends. He will be missed. God bless his family and provide strength and comfort. Until we meet again Jaime. Dancing with the angels.

“ Growing up surrounded by wonderful uncles like you, men he could admire and look up to, is one of the reasons why my husband grew up to be such a wonderful man himself. He treasures every memory with you and always will. <3

“ *The memories of you when I first came here from PR where you cooking for us and helping us settle in our new place. Thank you Tio for taking me roller skating for the first time and teaching me how to skate. The best memories I have of you are all dancing at our family parties. When you cooked the best pernil ever, well lets just be honest everything you cooked was delicious! That smile, the dancing (because even when you were cooking you were dancing), we could count on you to start the party (pretty much always the first one on the dance floor). The nicknames you and your sisters shared. The kisses on the forehead even at my 42 yrs of age. You gave everyone your all and always put a smile on our faces. I'm gonna miss my dance partner. When everyone says there's always that fun uncle in every family, you are it for me. We are going to miss you like crazy! Keep dancing. Rest in paradise.*

*Love,
Jary*
