Jack will be greatly missed. I have many fond memories of spending time with Jack and Bette on many motorcycle rides and just hanging in the garage watching football drinking some beers or just having great conversations. With my deepest sympathy and much love to Bette and all of the family. Love, Tracey

“ Remember a night while Bette & Jack were visiting us in Florida, we were sitting around trying to guess the name of the animal that Jack was thinking about. Naturally we were a little lit (lol), his hints were very vague. Bigger than & smaller than. After many hours of laughing we figured out the answer, it was a Marten. He had seen a picture of it in a magazine. Also many happy times on our motorcycles.

“ Being out to dinner for my birthday last year the waitress comes and asks if we need anything. He says " excuse me there is a problem with my glass" with all seriousness. The waitress looks super concerned and we are all confused. "I'm so sorry. Whats wrong with it?" He replies with a grin "its empty".
