“ My condolences to Ken's family and friends, Ken has been a friend of my family since I can remember. So many memories of the "crummy crew" standing under the streetlights of Gainscott Lane, laughing and cooking up adventures. He came and rescued us after an accident on LBI in his lime green muscle car. He attended many of our family events, with his quiet demeanor and nice smile. You will be missed Ken, peace to you as you journey on. With sympathy Terri Cole, (one of the Kleins)

“ I have known Ken for over 13 years. We worked for Homeland Security and his cubicle was next to mine. No matter how busy he was, he was always available to lend a hand. Whenever I went on vacation, I always brought him back a souvenir. He said he was a world traveler and never visited those places. He gave me a balloon on a stick 4 years ago for my birthday and it still has helium in it. That is on my desk in the holder. Every time I look at it I will always think of him. Ken was the best. At least he is not suffering anymore. RIP my friend. I will surely miss you. Donna DeRosa

“ As terrible as this may sound, I am so glad this battle is over for you. Watching what you were going thru day after day was one of the most heartbreaking, agonizing and difficult things I have ever done. To smile at your courage and strength when I wanted to cry - I could not let you see me... I could not take your hope, faith and determination. Rest easy little brother, you fought a hero's battle. I love you and will miss you and our weekly brunches. I hope you are enjoying an abundance of steak, crab legs, clams and scallops! Love to Joe, Mommy and Daddy❤️
