“ I knew Kenny (Wrangler) from the days when Western Electric would install new equipment bays and running cable and wiring up the additions to the Burlington Central Office. Always thought that Kenny got his nickname from the Wrangler jeans 🍷 that he always wore to work. It was so exciting when the new equipment was brought in by Western Electric. The New Jersey Bell Telephone crew got to see new and old friends from Western Electric. Kenny was such a happy and kind person. I remember him singing to the music playing in the Central Office. Those years at the Burlington Central Office are happy remembrances of my youth. I'm sorry to hear of his passing and my condolences to his family. 🌹🙏
