

Kevin J Daviau

July 1, 1954 - November 6, 2025

Kevin John Daviau passed away peacefully in Moorestown, NJ on November 6th, 2025 at the age of 71 from Alzheimer's disease. Kevin was survived by his wife Judy, daughter Jennifer, son Cory, son-in-law Joe, daughter-in-law Lucero, grandchildren Claire, Lukas, Ben, and Lily, siblings Cheryl, Jack, and Mark. He was predeceased by his mother Jean, father Jack, and brother Rob Daviau.

Kevin was born in Utica, NY in 1954. The Daviaus were a rebellious and fun loving family of seven known for always finding ways to get in a little trouble. Kevin stood apart from the pack with his love of music. Through his involvement in band playing the French horn and plays throughout school, Kevin met Judy. After high school, the couple married and moved to California to begin a new adventure together.

Kevin was a lifelong collector constantly finding new hobbies and passions. Kevin's hobbies spanned being a pilot, avid gym goer, bicyclist, World War II reenactor, GI Joe collector, artist, photographer, band member, drum corps fanatic, Mini Cooper enthusiast and chef. He enjoyed being a member of the Golden Eagle Band for many years. He also checked off an item on his bucket list by participating in the Bridgemen Alumni Corp. Thanks to Judy, he became a world traveler with experiences spanning four continents. Although traveling came later in life, Kevin loved sharing stories about safaris and history tours

he had taken.

When Kevin wasn't on an adventure he was working as an Insurance Adjuster. After retirement, he volunteered with the Red Cross. Colleagues knew him to be happy to take up a professional fight, never to shy away from a court room, and most of all to have fun while at work.

At home, Kevin was a devoted husband that was notorious for buying multiples of everything and fixing things around the house in interesting ways. As a father, he was known for short conversations and strong opinions, but his kids knew he was always doing what he could for them. From making a doll house last minute to taking photos of triathlons and band competitions, he was always there when you needed him. Kevin loved being a grandparent. He had weekly calls with the grandkids and visited them at least once a year with Judy to share his love of Minions and laughter.

Although Kevin is no longer with us, he will live on through the sense of humor and tenacity he passed on to all those that had a chance to share a grilled potato burger with him. In remembrance of Kevin's life, the family asks that any charitable donations be made to the National World War II Museum in New Orleans, LA. <https://www.nationalww2museum.org/>

“ I worked with Kevin in Sacramento and I was just thinking of him as my daughter just started at CSU on her path to become a vet. I met the family hedge hog while Judy was working towards her degree. Lovely family. Great guy. He always made me laugh when we had field outings. Sending warm thoughts to his family.

“ The loss of our dear friend is bitter sweet. I had the privilege of seeing him and having so many sweet, happy discussions about life and the journeys he embarked upon. Throughout the eight yeas of our friendship while at the gym, we talked about his volunteer work at the base delivering baked goods and his attempt at working with animals at the pound. That one did not last long. Kevin was always kind and had a big smile to brighten up my days. During his final days, Kevin even managed to assist me ,along with Judy, on a major move I made from New Jersey to Port Charlotte Fl. I couldn't have done it without them, and the help of others. We also spent time walking in the park. One event at the flea market, Kevin held me up when I wasn't feeling well. Other times ,we spent wonderful days at their home in the Jacuzzi with Judy and friends also. Judy always worked tirelessly to bring great moments and memories to his life. I will never forget the great meals we shared together. I am privileged to have been a part of his life. I miss him dearly. God bless him and his family. May he rest in peace. From Aileen Rivera

“ Kevin was my older brother and like Jack our lives took a much different trajectory in our adult years. As a kid, 8 years separated us so we did not share a lot of common interests. I am very sorry for his untimely demise and pray God's mercy upon him.

“ Kevin was my older brother and I idolized him for much of my youth. Kevin and I shared a love of GI Joes and playing soldier every chance we got. We would play for hours with plastic soldiers, using our beds as the landscapes for fantastic battles. Like many adults, our worlds were on very different paths after leaving home. I will never forget the energy, laughter and imagination Kevin brought to everything. RIP my brother and Happy Trails - until we meet again.

“ I had the honor of playing the French Horn with Kevin in the Golden Eagle Community Band. Kevin, his wife Judy, and I went out to dinner on several occasions. Kevin was funny and loved music! He will be greatly missed by all!
