“ My thoughts and prayers go out for Larry's family. Though Larry and I have not met in person, I considered him a friend, a good one too. We came to know each other from a hunting forum years ago where he was a moderator, he was known as 4pointer there and I'm "Grizz", Later we became friends on FB and talked on the phone occasionally. It was during these posts and conversations we shared that it was made obvious to me just how caring, understanding, compassionate, family loving, fair, honest and spiritual person Larry was. I can only imagine how he will be missed by his friends and family. Living eleven hundred miles West of Larry always made his weather reports from the "deck" old news to me, but I will sure miss them.  
Prayers,
