“ Lidie,

*I can't believe you had to go. You will surely be missed by many. It was nice seeing you at the doctor's office, and playing farmville on facebook. I have many great childhood memories thanks to spending every weekend with you and Donna, and Carol on Holly Lane. Remember when I cut my fingers and you took me to the hospital and said my name was Donna because my Mom at the races? It all got straightened out. you have genuinely been the most caring, compassionate person I have ever met. You were always willing to help those in need and you had a special place in your heart for kids. Thank you for all the laughs and for always being so loving and kind. I will miss you.*

*Now go and spread your wings and fly as high as you can. Spend some time with my Mom and tell her hi. Reunite with all your family and just rejoice. Until we meet again, may you RIP*

*~ Love you lots,*

“ I really enjoyed the talks we shared when I visited you in the hospital. You never changed. I remembered the old days when I stayed with you just about every weekend on Holly Lane. You were always a very caring person. I just want you to know that I will miss you. We might not have seen one another for awhile, but when we did we laughed. The nurses probably thought we were crazy that day. Rest in peace Love Sue Anderson###imported-begin##Sue Anderson###imported-end##
