“ *My deepest condolences go out to the entire family
She definitely have a large family and so many that love her
She will forever be watching down over each and everyone of you
❤️ I remember spending so much time with her and she would
always light up when different family members would call ❤️❤️❤️
And a highlight of her day was when different grandchildren would
show up at the house to spend a little bit of time with her she had
the most amazing smile that made you smile from ear to ear as well
She is an angel in heaven spending time now with the love of her
life watching over each and everyone of you*
