“ *I got to know Marie when we worked at Celebration. I remember a warm and generous woman but she was also very fiesty. No one could get anything past her! She had more energy than a person half her age. I have missed our talks since the plant closed. I have and will continue to hold our friendship close to my heart.*

As I try to find the words of comfort to share with all those that she touched in life I find there's not enough space to write all the wonderful ways she made you feel good about your self.Or the fact that she made you feel you can do anything you put your mind too. She was warm and caring with a smile that Shone brighter than the sun and a heart as big as one she will be missed and always loved God bless you on your journey into the next life. Amen
