“ *Mike you will be missed. We started working at the DCMA the same year. He was a happy soul always helpful to others. He always checked on my progression with medical challenges and was always mindful of the hardships that came with it. You have made a lasting imprint and will be missed. May your soul be at peace as it journeys to a new abode. My prayers and comfort for the family. In peace.*

“ I met Mike when I joined the 714 AMXS. Whether you were working on the flightline or deployed with him, he always made things fun. He might crack a joke at your expense, but his disarming smile let you know you were among friends. The things I liked most about Mike: he was always straight with you, always stuck to his moral compass, and always had a smile for you. You will be missed my friend!

“ *It's really too sad to come up with words about someone that should have been said a long time ago, before this day. I feel and I hope Mike Casello knew how I and many others felt about him. We had our "times", but always respected one another and together we got the job done. Mike, you were a good friend and i am saddened by your untimely departure from all of us left behind. I do know your memory will not be forgotten by all of us who loved and admired you. Thank you for your MANY years of service to your Country, your friends and your family. Rest and enjoy eternal bliss my friend.....Mission Complete.*

“ *My friend we've been around the world and back again. Terrible nights, always yielded the greatest laughs! Usually at someone's else's expense! The stories I could tell are innumerable but probably not appropriate here. Ha! A lifetime of memories a lucky few of us can share. You were my mentor. You taught me what I should do, what I shouldn't do and what only you can do (and get away with it). More importantly we were friends. We will miss you... We few, we happy few, we band of brothers!!!*

“ Boy Mike where do I begin. So many great memories on mids from the picture of you sleeping to busting our chops for not being on the line. No matter how pissed we might be to be on the line, we always knew you had our backs. It was always nice to run into you at Smithville Park with that contagious smile you had. Thank you for everything Mike

“ It was an honor to serve with him. He was a stand up guy...great sense of humor, great leader. Worked the flightline with him many years... did a short desert tour in '06 with him and we had a slight disagreement, he took me aside and handled it like a true leader. Nothing but respect for him after that. My condolences to his family... RIP brother! God bless...

“ I loved catching Mike off guard with a comment or joke. Just seeing that face of his turn cherry-red, shaking his head, always made my day. He was a true maintainer, respected by all. RIP my friend. - Shannon

“ This photos makes me laugh. Christmas party for Bob’s work and Mike didn’t want his picture taken so we all grabbed him and took this picture anyway. He was a comical guy and he will be truly missed. May God forever hold him high and may he rest in peaceful slumber forever with no suffering.
