“ For some reason, Millie Jean just popped into my mind so I searched for her on the internet and found that she has passed. She and I were great friends at Inductotherm, and we would frequently enjoy our Friday night happy hours together at the (then) Rancocas Inn. I'm sorry I lost touch with her. I agree with everyone else's comments and I also will miss her very much. Rest in peace, my dear, and I look forward to cozying up to the bar with you when we meet once again!

“*Millie, I will always love you my sweet friend. I will miss talking to you on the phone but you are now here in Florida with me 🍷 to her family I've known Millie for 30 years and when I moved to Florida we kept in touch and I always smile just thinking of her and will miss her cards I could always count on. She is one of the most precious women I know.*

*I feel so saddened and stunned to learn that Sis has died. Though I hadn't seen her in person in several years, we had long conversations a couple times a year, laughing about funny events shared when we were living together in Bordentown many years ago and over the years visiting in Florida with our parents. When I didn't receive a card and call at Christmas, I knew something was wrong, by only now found out she had died. My heart is heavy. I feel an emptiness realizing we will never "touch base" again. My little step-sister, Sissy, who shared so much over the years, leaves a void. My sympathy to all those who loved her. I am so sorry for the loss. Nancy*
