“ Hi mom they say as time goes by loss will get better. But I never forget about loosing my twin. My best friend I had in you. I think of you everyday and will never stop loving you. Our times we shared getting our hair and nails done and the food you made with your love for everyone. I met a woman who is a great friend and she reminds me of you how much she loves cooking and her children. You would love her. Thanks for sending her to me I know you did. I will always celebrate you mom!!!

“ Dear Torres family:

I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.
