“ I'm late to say how sorry I am that you have lost your mom Pat. I've been so busy getting my house ready to sell with downsizing then straight on this crazy market. I can't believe her brother passed away, then her a few days later.

Your mom delivered our mail in Browns Mills while I was there from 99 until 2008 when we sold. She always had a smile on her face and a big hug for me when my dad had cancer. She was truly one in a million. Such a good heart ❤️ She was like a ray of sunshine ☀️ especially when she smiled.

I just looked up her beautiful obituary. So true she "did it with grace and a huge smile." Also "her joyful and optimistic outlook was a true blessing to those around her and she will be truly missed by all."

I don't doubt that Pat had many more mail route people that also befriended her. I don't doubt that they all feel the way I do with how much she touched my life to make it a lot brighter on some pretty horrible days for me.

She was also my dads mail carrier for a few months when he built a house 7 blocks from me then was diagnosed terminal. My dad also enjoyed seeing your mom with her bright smile.

Words can't convey how sorry I am that you've lost your mom, grandma, great grandma, aunt, friend and loved one.

“ Pat was always my great Christian sister in the Lord! I first remember Pat when she worked at the Bank of Mid-Jersey in Browns Mills as one of the bank tellers. Later on, I was there at Bruce and Pat Gifford wedding! I do remember them coming once to Broad Street Baptist Church in Mount Holly for an event. Later on, after her husband Bruce had passed away and went home to Glory, I would see Pat every election at the Westampton Fire House when to came to do my civil duty to vote. She was always there with a smile, a greeting and would ask how I was in spirit and in health! Again, as time went on; I was working with her every election since 2008. We would compile the days election results, before Pat and Darlene (one of the B.C.E. broad workers) would go take the bags to the B.C.E.'s office in Mount Holly. Pat and I would send and share Fake Book (oh I mean Facebook) messages of the things and events in our lives, and of events during the pandemic. The last, I will remember Pat was at the Burlington County Library B.C.E.'s, when we attended the election training.in the Spring. Ok that's right, one more remembrance of Pat as the crossing guard station at the Route 541 and Levis Street crossing, doing what she does best. Being a blessing to the school children with her BIG SMILE! I'll miss you dearly Pat, and one day see you again in Heaven by the Grace of our Lord!

*I met Pat in 2018. My granddaughter attended school here and in January wanted to walk in cold to school. My granddaughter was running ahead she was 5 and didn't stay zipped up. Miss pat says you need to zip your coat. Since then we became friends. Then she came to comfort me when I lost my husband in 2018. We continue every day looking for our friend. She will be so missed.*

“ *I remember Pat as one of the beautiful beach girls of Long Beach Island who spent summer days there with her close friends, Jeannie, Bonnie and my future wife, Margie. I had just been discharged from the Army, and my time socializing with Pat and her friends were some of the happiest days of my young life. Pat had a fantastic personality and was always a joy to be close to. She will be missed.*
