“ Wonderful high school memories of Peter. Just recently came across some pictures that were taken at my parent's house before the Sophomore dance. We looked like babies! Fun times in marching band at football games and parades. A special memory I have is how proud Peter was watching his sister Linda twirl her baton as our high school band's special mascot. My sincere condolences to all of Peter's family and friends.

“ I remember Peter as being kind, gentle, fun-loving, hard-working, smart and witty. I recall that at hot-air balloon festivals, back in the days when we all had to share a hotel room, Pete would be the first one to start a pillow fight and also the first one to make sure everyone had a comfortable place to sleep. Pete took my oldest son, David, under his wing when David ( as a middle school-age kid ) expressed an interest in building and racing remote control cars. I also recall that when Charlene finally convinced Pete that they should get a dog, he fell head over heels in love with Bandit. Holding Charlene and family in my heart and thoughts.
