

## Robert "Bob" M. Ammon

November 9, 1978 - August 5, 2023

Robert "Bob" M. Ammon passed away on August 5, 2023, in Mount Holly, New Jersey. He was surrounded by the love of his family when he peacefully passed. Bob was 44 years old.

Bob is survived by his wife, Christine C. Ammon of Medford Lakes, NJ; Robert V. Ammon and Marion L. Ammon of Willingboro, NJ; and sisters, Lisa Hopkins and Bethany Ammon, both of Mount Holly, NJ.

Bob was born on November 9, 1978 on Minot Air Force Base in North Dakota. He attended Holy Cross High School, graduating in 1998. Bob later earned associates degrees from DeVry University in Electronics and from Camden County Community College in Photonics, which led to his career as a Laser Engineer. He traveled extensively in the United States during his approximately 20 years working for Precision Laser of West Berlin, New Jersey. In 2016, Bob married his best friend and love of his life, Christine, and they shortly thereafter moved to Medford Lakes, New Jersey. They are expecting their first child in March 2024. Bob was thrilled and in awe that he would soon be a father.

He is remembered by his family as a deeply sensitive and incredibly loving man who always helped those in need. He was a dedicated and supportive son, brother, husband, uncle, and friend.

Bob was passionate about cars, particularly classic cars, and enjoyed working on his '68 Barracuda when he was not busy solving the world's problems. He was an athlete and had been training to participate in his first triathlon. Bob was also well-known for his deep affection for his dogs. He was especially connected to his gray pitbull-boxer, Gus, who passed away in August of last year. Bob enjoyed floating in the Lakes near his home, as well as spending time at the Jersey shore. He looked forward to cooking with his wife and baking pies for his parents. He loved his sisters dearly and would frequently reminisce of their childhood growing up together in the Ammon home. Bob was also very attentive to politics and did not shy away from debate, but had a wonderful sense of humor that made everyone smile. Lastly, Bob was truly gifted in his ability to fix nearly anything and he had a remarkable technical mind. There was no problem he was unwilling to tackle, and seldom a problem he could not fix. He will always be our hero.

Relatives and friends may visit from 3:00 - 5:00 p.m. on Saturday, August 12, 2023 at the Perinchief Chapels, 438 High Street, Mount Holly, N.J. A funeral service will be held at 5:00 p.m. after the visitation.

“ Bobby was a childhood friend of mine and we used to hang out all the time, play sports, video games. I recently have been curious on how he’s doing as I moved to Philadelphia for HS and now I find this out. So sad, my prayers and condolences to the family.

“ For 20 years, Bob has been a BIG part of a special brotherhood of guys who fix complicated stuff. Guys who are very gifted and also care about making something work the best it can, especially for medical use. And of those gifted men, Bob was the best!! He would take on anything and solve it, and for that he is very well respected by those very talented men. But more importantly, for his loyalty, friendship and sense of humor, he is loved by them. I will miss Bob's presence and just hanging out at the shop having pizza and beer (more like healthy food these days as we are all older). I will miss his sense of humor and his ability to laugh at everything. My sincere condolences to Chris and mom and dad and family. Bob you won't be chasing your windshield anymore but your race has been well run and you have left us all better people for having known you.

“ Bob was definitely like a brother, he fixed my car when I was down and out, he'd give the short off of his back. We had so many good times. You will definitely be missed but never forgotten. Sleep in peace. My deepest condolences to the family, your in my prayers.

---
