

Robert M. Toppman

May 22, 1928 - June 5, 2026

Bob Toppman, Lea's husband, has died at 98. As a teenager, he was a corporal in the Marine Corps, but he retired from the U.S. Air Force as a master sergeant. Among his awards was the Air Force Commendation Medal. In part, the citation stated, "His untiring efforts and devotion to duty contributed substantially to the effective achievement of the mission." When he retired from military service, he was the area manager for Weight Watchers in southern New Jersey from 1972 through 1977.

Bob liked music by Tchaikovsky, stage shows, dark chocolate, and the flavor of raspberry, especially in cheesecake. He enjoyed traveling and visited all seven continents and 40 countries with Lea. For more than 17 years, he volunteered at the Medical Center Pharmacy on McGuire Air Force Base. On Monday afternoons, he was the one wearing the colorful shirts.
