“ *Kim's face book message to Ron: Our family gained a beautiful Guardian Angel yesterday afternoon. Ron Cahall was one of the best men I have known. He always had a smile on his face, and he would do pretty much anything for anyone. He is our families protector and will always be. This is one of the biggest life changing moments of the Cahall family. But we will all get through this with tears and laughter together. Ronnie was the best Son, Brother, Father, Husband, Uncle, and Grandfather anyone could ever have. We will miss you dearly, but our love for you will always fill our hearts. Please watch over us and send us signs that you are around. Love you meatball!!!*

“ Message from Chris on face book for his brother: As a child my brother would look after my brothers and I . As teenagers he would try to help us understand how to become better men . As adults he would be there for us thru everything ,never left us to deal with anything alone . Ronny truly was my brothers keeper. At age 50 ,my big brother lost the toughest fight in his life, who was by far ,one of the good guys. Love you my brother , never forget all the memories, and lessons you taught me. I like to beleave that the good people lost in our world ,are needed even more in the after life. Well ,you got the best. Miss you my loving big brother , # CAHALLSTRONG

“ Mike's face book message for Ron :My heart has a hole. A hole that has been filled since the day I was born. A heart has four chambers. Me and my brothers make four. Each of us symbolizing a chamber. Nothing will ever fill the hole left by the loss of any one of them. We all as kids were taught that all we have is each other. I Have lived by that my whole life with no questions. Throughout my entire life my brothers have been there to guide me and help me in anyway they could. I love each one for who they are. Love all of you

“ Today I say goodbye for the final time to one larger than life soul I knew as my brother! I will not think of the final year of your life instead I choose to think of the first 49 which was filled with love laughter and more love. Ronnie was my best friend, my brother, my father, and protector! I will never fill the void of losing such an amazing person in my life but I will learn to fill that void with the funny loving memories that me and my brothers shared. I will always miss you. I will always love you. And whenever I'm sad I will think of that smiling face. Thank you for the honor of calling you my brother .

“ Dear Cahall family:

*I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.*

“ We are going to miss Ronnie so very much. We would go to Ron and Et's house almost every weekend. Mostly Friday nights. If we weren't there Ronnie would text Mike "where you at". My kids love going to Uncle meatball's house. They get to see their favorite Uncle and all their cousins. Ronnie loved family so much. He was such an inspiration the last month and a half when he was so sick because he wanted us to be there but was so tired and so sick at the same time. He would push himself to stay sitting up in bed just to be with us and never asked us to leave. Even though he may have wanted us to. But he knew that we needed that time with him as much as he needed that time with all of his family. He was the biggest family man with a huge heart. He was a little kid himself. He loves to have fun and laugh. Also he loved cracking jokes and correcting you if you said something wrong. It's a Cahall thing lol. I like to sing a lot and he would tell me that all he could imagine is me singing show tunes and chasing my husband Mike with an Ax. What a thought. But that's Ronnie. Love you Ron and RIP.

“ *Very hard to say what I am feeling. I am feeling all emotions, relieved he is not in pain anymore. Also angry and mad because I lost someone so special in my life. Ron always took care of me and his brothers and never expected anything in return. We were family and that is what he did. He loved his family! When he married Et and his children and grandchildren were born, again always loved and protected them. He had such a big heart and was there for each and everyone of us. God took away a very special person and he will forever be in our hearts. Ron, if you can hear me-I will love and miss you everyday of my life.*
