“ Dear Mangrann Family,

My sincere condolences go out to you at this difficult time. Rose and I were classmates and 1976 graduates of SLA, It is sad that we lost touch with each other after graduation, because we had a blast for 4 years at St. Leonard's. Just know that she is n a better place and you will a; meet again. God Bless.

“ Dear Magrann family:

I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.

“ Rose once told me that she loved teaching kindergarten because in that grade, the nice kids were still the popular ones. My son, now a college sophomore, made lifetime friends in Rose's class. He began to understand who he was and how much he was valued as an individual. He developed his love of reading.

Rose touched so many lives. She will be greatly missed. Our thoughts and prayers are will you.

“ Dear Jay,

As most people who know you both, I don't know how to express how I feel right now--writing this through tears. So many memories and so much fun. Rose was wonderful! Even though we haven't seen each other in a few years, I remember like it was yesterday. I will pray for you, Colleen and Jimmy, and know she will never be far from you all.

“ Dear Jay, Colleen, and Jimmy,
Please accept my deepest sympathy. I have started writing this tribute 3 times and just cannot find the right words. That would make Rose laugh because she always came to me when she needed something written, noting my "impeccable writing skills". It was a constant joke between us. So, now, I have to find the words. Rose has been my BOSS, my mentor, and my true friend. There are too many school memories to account here for, as I would fill up the entire book without giving other people a chance to write. I would like to share a few moments with the hope that they will bring some comfort to you, the people she loved the most.

Setting up for the FUN FAIR, I was in the duck pond. The problem was that my ducks did not float." T. Rose, we have a problem." She went out on a mission to find ducks that would float in my duck pond. Everybody else wondered where she was. She came back with a huge smile. "We have ducks and they FLOAT.'

T. Rose, I have Bruce Springsteen tickets. I was wondering if I could have off the next day. Her answer:"Good for you! I have tickets too. I'll be there and in school the next day." Well, if you can do it, I can do it. Baby, I was born to run!

T. Rose, we have a house emergency. I'm worried about leaving Jersey the puppy at home with the workers. "Bring her to work with you." Jersey went to Spanish and Math class. Rose checked on her just to make sure she was o.k.

There are many more memories that I could write here, but I want to give others a chance. Lastly, though, you need to know that when there wasn't a teaching spot for me this year at Friends Academy, Rose wouldn't stop until she found me another job. It was Rose that found my new job at Orchard Friends School. It is because of her that I am in a classroom again. She got me that job and I am eternally grateful.

Please know that your ENTIRE Friends Academy family stands behind you.

May your memories comfort you.

Love always,
Teacher Lisa
