“ *Steve an I worked together at the old Holly Ford Ice Plant, in Mt. Holly back in the early 70's (summer of '72)... We would talk about him being a radio operator while he was in the Army / Vietnam, and what I was to expect (I had enlisted into the Marine Corps, and was to be a radio operator)... I believe it was just before I was to go overseas, Steve showed me his "artwork" of an American Eagle standing, facing to the left, wearing a field radio on it's back... While overseas, I had a patch made for Steve of his artwork (about the size of a large record), and one for myself... Thanks for sharing that with me, Steve...
May you Rest In Peace...*
