“ *I met Sue outside her Union St home while canvassing Mt Holly for one political campaign or another. She brought out some cookies she made and listened intently. When I suggested she get involved there was no hesitation - politics was always something she wanted to try. And so she was my District 5 running mate... I guess that was 2004. I will never forget election night when I addressed her as Committeewoman Richardson. She thought for sure we would lose. Eventually we hosted a community party at her home for Congressional candidate Sexton...Not Saxton. Sue got on the "Bus For Change" with Sexton and toured the county one Saturday. Then she hosted a gathering of neighbors about a zoning issue. I came to understand that this was a sharp, strong woman who didnt take no \$#!p. I got to have dinner at her place with her husband Robert as the Chef or have beers on her deck just talking about dogs, foster care or how the town was not trimming street trees and the like. Im so happy I met you Sue Richardson and so sad you have been taken from us! Robert there are no words. . . I am so sorry for your loss. Nick Sodano Garden Street.*

“ *My love goes out to Robert and family at this time. I was so sad to hear of Suzies passing. I will always remember her with a smile, always so very kind. All of us who grew up in the Boro were like one big family. We knew everyone. Even though I moved away, the times I did see her and Rob, it was like old times again, hanging out in the boro, and going to parties. I will never forget Sue, and my fond memories of growing up in Pemberton. She will always remain a part of all our lives. Prayers to Robert and family. Love Marcy Sumoski (Fort).*

“ *Susie i will miss you and your love for chocolate. The desserts you use to just whip up and it would look like it came straight from a bakery. I always looked forward to your cookie exchanges at the holidays and visiting your clever holiday decorating in your very cozy house with the little yorkies. May you rest in peace. Until we meet again my friend. Love u sue*

“ Susie was a dear and wonderful friend to me. Her artistic ability was amazing and second only to her big heart and concern for others. I'll always remember her zipping around the lab with a smile organizing another "dessert" day. Thank you Susie for being my friend for 34 years. My heart is broken.
