“ Linda, I am so sorry this has happened. I truly miss Tim deeply and whole heartedly. My thoughts are especially with you and your boys at this troubling time. I'm extremely grateful to have known Tim, he was loyal, honest, inspirational to me, and I consider him one of my best friends, even though we were clear across the opposite ends of the US. The time I spent with Tim hanging out, those deep conversations, practicing, playing shows and "taking care of business" promoting Deform will be memories I cherish forever. I respect Tim as a musical genius, and a passionate human being. Words cannot express how much I love him and I love you too Linda. Thank you for being my New Jersey Mom. I dedicate the rest of my musical endeavors in life to my Dad and Tim.

“ At 16 years old I became an uncle to Timmy. I used to baby sit him as a teenager and drink beer around his crib with my friends, wondering how to change a diaper and console him if he cried. When I used to come home from college during the summers in Florida, Timmy was my bunk mate. I will miss him. I hope he is now at peace - he hurt so much. I love you Timmy!! Love Uncle Todd

“ *My deepest sympathy to Tim's family. He was truly a wonderful young man. Very loving and caring. I am proud to have considered him part of my family and to have been his Mama Churry... I'm truly sorry and saddened to see him go. It was always a pleasure having him over I'm the younger days to rattle my house windows while they Jam out with their death metal music. How i would chuckle as i got out the Tylenol... Lol. The good times will always be remembered.*

“ Tim and I had a special relationship. We spent special times together in which we we had many in depth conversations. One of our most memorable times was a trip to Italy in which we visited the home town of our ancestors. He had a special way of making you feel special to him. “ Tim was my first grandchild. We developed a beautiful bond and we both loved our talks and shared the same humor. We both loved music and tried to understand each of our music choices. We went to museums, art classes, movies and plays I mostly loved our talks where we told the truth and took advice from each other. I know he loved me and I loved him. I will miss him forever. He will live in my heart.
