

Todd A. Rohrbach

January 30, 1962 - August 8, 2013

Todd Allen Rohrbach, of Clementon passed away at his home on Thursday, August 8, 2013. He was 51. A graduate of the University of West Virginia, Todd was a dedicated Registered Nurse for the Hospital of the University of Pennsylvania in the Medical ICU for many years. An avid outdoorsman, he loved hunting, fishing, and dirt bikes.

Son of the late Irwin Rohrbach, he is survived by his mother, Carolyn; three brothers, Jeffrey Rohrbach (Jill), Mark Rohrbach (Shelley), Dale Rohrbach (Lisa); and a large extended family of loving aunts, uncles, nieces, nephews, and cousins.

A memorial service will be held 12 pm, Monday, August 19th, at the Perinchief Chapels, 438 High St., Mt. Holly. Friends and relatives may visit with the family from 10 am until time of service.

“ *Todd was someone that I always enjoyed working with. When I got to the unit and saw that I would be working with him, I knew it was going to be a fun night. I really respected how he always took the time to sit with and talk to his patients. Todd was very caring and he always had lots of stories to make me laugh, and I will miss him. He was a great nurse and a great friend. My heart goes out to his family.##imported-begin##Daryl Titus##imported-end##*

“ Wow!!!! I dont know what to say but I would park on the roof of the Penn Tower garage and look over and see Todd and we would walk down the ramp to head into work. We would do that occassionally. We would ask how each other's nights have been. We both liked to ride motorcycles. I was the one to help Todd get his cycle out of his house and through the front door and into his garage. He was supposed to get it working again so we could ride together. When I read the work email I was truly devastated. I will miss such a kind and gentle person. Very sad of this news!! I'll miss you Todd!! See you again some day!###imported-begin###Cheryl Simonsen###imported-end###

“ I got to know Todd through my older sister Kelly. We all became friends in Morgantown. I really enjoyed hanging out with Todd and playing endless games of trivia pursuit. He was always the nicest guy and you just felt lucky he was your friend. He was humble, sweet. and all around good guy.. I will miss his sweet grin... so sorry for your tremendous loss... “ To the Rohrbach family, I extend my deepest condolences. I have worked with Todd for the past 7 years on nights. He shared many tales of growing up with his brothers, and a great love for you! Todd was unfailingly kind and had a knack of making anyone-co worker or patient have a better day. His sense of humor could be wickedly dry. And his duffel bag always held a special treat for someone who was having a rough night. When we worked together, I always new that it was going to be a good night. Todd left us way too soon, and will be greatly missed###imported-begin##Mary Annas###imported-end##

“ Todd had a great love of music- In work we would often talk of various artists. He knew that I was a Grateful Dead fan and we would often talk CD's he had and sometimes he would surprise me with a copy. I will miss our chats. And the sweet Lebanon cream cheese rolls. May the four winds blow you safely home... Cindy -

“ I am awed by the number of memories and stories I have heard from staff over the past week. It is obvious Todd had a kind and generous heart and touched the lives of his coworkers as well as his patients. I know he always looked out for "his younguns" and was truly kind and compassionate to his patients. Todd will be missed

“ Todd,
Thank you for being my true friend for the last 42 years. I have been absolutely blessed to have been your friend for so long and part of your family especially when we were young. You always had my back no matter what and I will never forget that. Thanks for the countless hours of phone conversation. I know this is pointless, but I have not been able to remove you from my speed dial, I will just have to replace my phone at some point. Words can't describe how much you are and will be missed. Well, I guess I'll catch up with you on the other side, I still have a lot of things to discuss. You were and will always be my best friend.##imported-begin##Jim Spetsas##imported-end##

“ I worked with Todd in the HUP MICU. He was one of the nicest nurses on night shift. He would help you with whatever you needed all night. And if you were taking over his patients in the morning he would stay to help you with whatever you needed before he went home. He was a kind soul who loved his patients. He would sit with them and talk to them. Even the most agitated crazy patient he would sit with and keep calm throughout the night. There were countless mornings that I would see Todd leaving the unit and told him "go home and get some sleep!" and he would always reply "I will but I have to go visit one of my former patients first." He was always visiting patients who had left the ICU. Todd truly cared for everyone. He will be greatly missed!!###imported-begin###Jamie Moyer###imported-end###

“ I worked with Todd in the MICU since 2005 and was so sad to learn of his death. He was one of the most compassionate nurses I have ever met. His patients loved him! He would spend so much time sitting and talking with them. They truly appreciated him taking the time to get to know them. He was also very laid back and had the ability to calm even the craziest of patients! He was also very kind and generous to his coworkers- Todd would give you the shirt off his back if you needed it. I enjoyed talking with him on night shift-you could always strike up a conversation and it seems he knew a little bit about everything! He loved to talk about music, the outdoors or his crazy experiences in West Virginia. He will really be missed...the HUP MICU will not be the same without him.###imported-begin###Laurie Meadows###imported-end###

“ I worked with Todd for many years. He was always a good time. No matter who you were, what you believed in, or what you were going through, he had a story that related. He had the biggest heart of any person I've known. He was always there to listen, and talk. I would actually look to see if he was working, and on what side, so I could work with him. Todd I will miss you. You don't know how many people cared for you and loved you. Thanks for everything, especially for being my friend.##imported-begin##Mike Hurley##imported-end##

“ Todd will be dearly missed. He loved a good laugh and was always looking out for the newer nurses, calling us all "young'n". I loved hearing about his days back in Avalon, NJ, at the Bongo Room, and about the time he was stuck in a field with an angry bull. He treated his patients like his friends, sitting at their bedside for hours each night to provide a calming presence. It was an honor to work alongside Todd. His family has a lot to be proud of, you are all in my prayers. - Margy Burke###imported-begin###Margy Burke###imported-end##
