“ *Dear Diaz Family:*

I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.

“Dad, you were my rock and the one who truly "got" me. Our children adored you and loved their time with you over the years, but most importantly this past summer when you taught them to catch lightning bugs and sand crabs, how to detect the sound of Mister Softee from miles away, and the value of a good sausage and pepper sandwich at the shore. The stress and burden are no more. You are now at peace and will always be remembered for the great man you were. I sit here on your front porch, drinking my coffee, and still wondering..."What was the plan?" I love you, Jodi
