“ *I had no idea Bill had passed - this saddens me greatly because he was a great man. A very smart guy who was compassionate and passionate. I only worked with him for 3-1/2yrs - but he was a great boss. I send my deepest condolences to his family.*

“ *I worked with Bill and his dad many years ago and was privileged to be their friend. Bill was a very smart and ambitious man. Since we were in the same profession we talked to each other from time to time, it was only a few weeks back that we had a conversation about business years ago and how things have changed. We now have lost one of the best, but the genes he has passed on to his family can never be taken away and his legacy will live on through his children and theirs. We need more people like Bill in the world and he certainly will be missed and remembered.*

“ I read the obituary about the loss of your loved one and I extend my sincere condolences.
Death is truly an enemy but there is comfort in the Bible that “God will actually swallow up death forever and certainly wipe the tears from all faces.” Isaiah 25:8
Hold onto the beautiful memories of William and continue to have the love and support from family and friends.

“ Bill and Louise were our best friends when we moved to Mt Holly several years ago. We have taken trips together, shopped, shared lots of dinners, fun and laughter. Bill helped Mike gut and install a new bathroom in our upstairs, Mike could have never in a million years done that without Bill. They also talked about but never undertook opening a business together. They attended our children's weddings and we attended Cookies and Kenny's weddings. We haven't seen each other much in the past couple of years but when we did see each other it was as though no time had passed. Can't even imagine how Louise and the kids and grandkids will miss him. RIP our very dear friend, we will always remember you and love you.

Bill and Lou have been our friends (and neighbors) for 40+ years. Jack and I and our children share a lot of memories of years gone by. Bill was always a kind of "down to earth" guy. We shared much advice on remodeling projects over the years. We are now so far away, but Lou and children, our deepest condolence, thoughts and prayers go out to you all. Bill will surely be missed.

“ Uncle Bill and Aunt Louise came down to Texas for my wedding. During the reception Uncle Bill would tap his glass with one of his utensils and Oscar and I would have to stop and kiss. Love you Uncle Bill!

“ For as long as I can remember Matt playing baseball, he's had the most wonderful fans cheering him on. Sadly, we have to say goodbye to the greatest fan in the history of our little town's game. Affectionately known as "Poppi", Bill was 1000% in our boys corner, 1000% of the time. He's as much a part of baseball to us as strike outs, home runs, terrible calls, and championship smiles. We were honored when Poppi and the "bleacher creatures" would even travel to see Matt play with other teams, in other towns, just to show support. He meant a lot to us and demonstrated how special it is to live a life with meaning and purpose. I know he'll be an Angel on our boys shoulders every swing of the bat and every third strike thrown from now until they take their turn to walk away from the game they love. We'll miss you Poppi! Rest in peace my friend.
