“ Uncle Billy, those of us who truly loved and cared about you our lives will be forever changed without you in it. Although circumstances kept you from us these past few years your family will always love and cherish the precious time we had together. May you be at peace now surrounded by the loving arms of your family that has gone before you. I know that my Dad and Jeff have had plenty of time to get the party started and were just waiting for you to make it complete. Don't worry, Big Han is there with your dad probably nagging them all to kingdom come so they will be so glad to have another Robinson to shut her up lol. Uncle Jay is there too. It will be a regular old party with the 10's. We all love you and will miss you dearly but as your family we will always keep you close to our hearts.

“ *Bill will be forever with us. We can only hope to pay forward the kindness, Love and generosity Bill and Diane has shown us over the years. We are thankful for Bill saving Kevin's life and he is like a second father to him. Bill is reason I met and married the most wonderful man in the world. It is so hard to imagine a world without his guidance and wisdom. Bill had such a way with people, even when they were coming at him like an angry lion. He would simply start with the words " How are you doing today" and 5 minutes later the person would walk away thanking him for everything happy as a clam. Bill did so much for many of us and never asked for anything in return. He was completely selfless. We will always treasure the time spent together as a work family. We will always remain family no matter what happens because that is what Bill raised us to be. Rest easy Bill we will carry on the legacy you built. We will never let anyone forget how special you are to all of us and the world. Diane and family we love you and will always be there for you anytime anywhere.*

“ *Dear Murphy family:*

I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.

“Wow! I'm heart broken and so many things to say. The first ... never have I meant another more devoted caring and kind person. Your heart shined for the residents and your employees. Many years ago when Jimmy first hit hired he was thrilled with his you job and you as his boss. You made the guys feel like family and treated them as such, jimmy loved you dearly and all the good things And times we shared at Medford Leas. The summer picnics were a blast and the awesome Christmas parties I will never forget . You impacted our life in so many ways. Because of you jimmy was given the chance to prove himself because you believed in him. You made our lives better for so many reasons , too many to write. You made Medford Leas what it was , a family that cared for each other and foremost the residents that lived there or currently do. The many fun theatrical shows the guys enjoyed doing with you and the laughs. Because of you Bill my family had a better life and I'll never forget that! Medford Leas was very fortunate to have you and all you have done for them. The world lost a great man and now the Lord has gained a great man!! I pray for peace in Diane's heart , she truly was a devoted and loving wife. If all couples shared the love you too have the world would be a much better place. You will always be Jimmy's most respected man in his eyes and forever in his heart. We love you and will miss you 😭

“ Truly a man among men..a gentleman who loved his family first and foremost..loved Diane with all his heart and had enough left over to Care so very much for many of us, and last but not least..his country- thanks to this fine man for his service ♡ I have had the privilege of knowing this extraordinary person my entire adult life..I can't even begin to explain what a difference he has made in my life. I won't even try at this point, but what I will say is- he was the man that made it his business to make sure my son Jeffrey (always one his most loyal) had every opportunity to prove himself. Another thing I must speak on is his relationship with our residents..never again will they experience the love and trust this man gave freely and earned honestly. I will be forever in his debt and try to live my life more like Bill ♡

“ Bill, a man with a huge heart and compassion for everyone's life he touched. For me, he was everything. He gave me the honor of working with him and I was so impressed with his knowledge, his ability to help others, and his memory. Every day I felt so lucky to have him as my boss but also as my friend. Throughout the time I worked with him he made my life better. During difficult family times that I encountered he supported me and guided me. I loved working with Bill, we shared our lives with each other and he spoke often of his love for Diane. She was his support, his biggest fan, and the love of his life. Diane, you were truly Bill's world! Bill, the void you have left can never be filled -- you were unique, a true shining star in so many individuals lives. My sadness is so profound to know that you are gone but I know you will live on in Diane's, your children's and grandchildren's memories and of course my wonderful memories of you. Bill Murphy, thank you for being you, a true one of a kind and our angel in the heavens above!

“ To my dear friend, one of the best I've ever had, to find that you have left us, really makes me sad.

Thanks for all you did for me, everything you shared. The laughs, the work, your leadership, compassion and your care. One day working with Bill and another co worker Bob C. We had a radio on and they happened to be telling horoscopes, so I had asked Bob " what sign are you?" He replied I believe "libra", and asked me what mine was so I said I'm a Leo ! Then acting like I had a clue I had asked Bill " What are you ? Feces" We all got a real good laugh out of that, mainly because it couldn't be farther from the truth, but it did show , Bill could enjoy along with everyone a good joke, he shared many with us all and always treated us as equal in our efforts! He was an enormous influence in my life and had helped me through many life trials and troubles with kind words and a compassion about the nature of things that are. I hope I could have been a comfort to him somewhere in his times of strife. His heart and generosity to put others first , you can't compare! I Am forever grateful ! Thank You!
